

# Brazil wildlife tour - Chapada dos Guimarães and Northern Pantanal

## Trip Report

By Edwin Campbell

September 11-20, 2022

One of the eight Jaguars seen at the Pantanal

The Pantanal is the largest floodplain in the world, which extends across three countries: Bolivia, Paraguay and Brazil. In Brazil, the Pantanal covers about 37 million acres, which corresponds to only 2% of the Brazilian territory. This wetland is actually a kaleidoscope of different biomes that surround it, including the Cerrado. Perhaps more than half of the Pantanal is surrounded by this biome. To the northeast, the Cerrado mixes with splendid landscapes of the tablelands in the Chapada dos Guimarães National Park. On our 10-day tour we visited these two regions in the state of Mato Grosso. We recorded more than 250 birds and more than 10 species of mammals. Among the species that stand out, we can mention **Hyacinth Macaw**, **Planalto Slaty-Antshrike**, **Jabiru**, **Mato Grosso Antbird**, **Helmeted Manakin**, **Jaguar**, and **Giant Anteater** among many others.

**Guides:** Edwin Campbell and Victor do Nascimento

## Highlights of the trip

1. Having seen five **jaguars** in one morning is undoubtedly the highlight of a tour, but then in same the afternoon, seeing a couple of jaguars on a beach and being the only ones who appreciate such an event surpasses any moment we have had in the Pantanal.
2. When thinking about Pantanal and its birds, we included the **Hyacinth Macaw** as a target species, but being able to see it in different situation was certainly one of our unforgettable moments.
3. It was a good experience to see a male **Band-tailed Manakin** and photograph it. We spent a a time playing back for the bird from the edge of the forest, but when we saw that it was not coming, we getting in the forest and reached our goal. Good teamwork!
4. Lawrence's curiosity about the **Purplish Jays**' rambunctiousness allowed him to find a huge **Great Horned Owl** and then be able to take several pictures of it was one of the highlights of the tour.
5. Having seen four of the South America's Big Five is undoubtedly a good achievement for our eight-day visit to the Pantanal: **Jaguar**, **Giant Otter**, **South American Tapir**, and **Giant Anteater**.

Hyacinth Macaw

## Detailed Trip Report

### Day 1: September 21 – Arrival to Cuiabá and Chapada dos Guimarães

We met at Guarulhos International Airport (São Paulo) in the morning to wait for our flight that had been delayed for about two hours. After the long wait, we boarded our plane, but due to an inconvenience, we had to wait a little over an hour inside the plane until the problem was resolved. Our flight to Cuiabá (Mato Grosso) took two hours. At the airport we met Victor Nascimento (Vitinho), our local guide. We spend another hour to pick up our vehicle and another to reach our first destination - Chapadas dos Guimarães. Upon arrival at our hotel, Casa da Quineira, we had some time to rest and eat dinner, after such a long day of travel.

### Day 2: September 12 – Cidade das Pedras & Vale do Jamacá

Today we took advantage of the first hours of the morning around the hotel on the edge of the Quineira Municipal Park. No sooner had we met than we saw our first bird - **Black-fronted Nunbird**. We listened several times and tried the Amazonian Motmot, but no luck. Then we found a pair of **Saffron-billed Sparrow**, **Yellow-chevron Parakeet**, and **Silver-beaked Tanager**. We also, had the opportunity to see a perched **Swallow-tailed Kite**. After our hour and a half birding, we went for our abundant and diverse breakfast.

A local guide met us after breakfast to accompany us to enter Cidade de Pedras at the Chapada dos Guimarães National Park. The very lively guide, Aline, took us to our destination, but not

Chapada dos Guimarães - Véu de Noiva region

before making several stops along the way to see the birds that appeared. Among the birds that we saw on the road we can mention **Burrowing Owl**, **Peach-fronted Parakeet**, **White-rumped Tanager**, and **Spot-backed Puffbird**. Then, we arrived at the trailhead to visit the geological formations and landscapes. The **Red-and-green Macaw** was one of the targets at the viewpoints off the cliffs. A couple of these macaws passed in front of us just as we were entering the trail. On the trail, we were able to see other species such as **Black-throated Saltator**, **Coal-crested Finch**, **Crested Black-Tyrant**, **Narrow-billed Woodcreeper**, and **Rusty-backed Antwren**. In addition to these, a **Bat Falcon** put on a show after the playback, not to mention the macaws that flew above, at eye level, and even below us. An extraordinary moment in a unique landscape!

After saying goodbye to Aline, we headed to the Morro dos Ventos restaurant. From the window of our table we could observe birds that were around. One that stood out the most was **Yellow-tufted Woodpecker**. Luckily, it was still in the area after our lunch and we were able to take several photos of it. From there, we visited the Vale do Jmacá (Jamaca Valley). In our first stop we tried again for **Amazonian Motmot**, who struggled to show themselves, but then finally we could see at least three perched. Later, we came across a couple of **Channel-billed Toucans** and a flock of **Red-shoulder Macaws**. At the end of the road, a man, Mario, approached us. He knew Vitinho and invited us to visit his place - 'Jmacá das Araras'. There, we also met his wife, Jeanne. They showed us part of their property. What excited us the most was the possibility of seeing **Tataupa Tinamou**.

After that, we headed back to our hotel to collect our things and move to the Pousada do Parque, inside the national park. At night, we tried for **Tropical Screech-Owl**, who called on several occasions, as well as **Rufous Nightjar** and **Common Pauraque**.

### Day 3: September 13 – Bridal Veil Falls & Estrada Parque (Transpantaneira)

After an early breakfast at Pousada do Parque, we headed to the region of the national park known as 'Veio de Noiva' (Bridal Veil). Right at the beginning of our hike, we started seeing new birds for our list - **Red-crested Finch**, **Flavescent Warbler**, and **Burnished-buff Tanager**. We continued on our way and heard **White-eared Puffbird**, and we saw a couple of pairs. Upon reaching the waterfall, several parrots flew and fluttered around the place. We saw **Red-and-green Macaws**, **Red-shouldered Macaws** and **White-eyed Parakeets**. In the cliff and forest of the valley we were able to observe **Cliff Flycatcher**, **Chestnut-eared Aracari** y **Swallow Tanager**. Having finished the circular path, we return to Pousada do Parque making several stops along the road depending on the activity of the birds. **Green-barred Woodpecker** and **Sibilant Sirystes** were some of the birds we found.

At the lodge, we got ready to collect our belongings, but not before taking advantage of the swimming pool on such a hot day, contemplating **Glittering-bellied Emerald**, **Chalk-browed Mockingbird**, and **Chopi Blackbird** who were in the vicinity of the lodge. Already on the way to the North Pantanal, we stop at the Churrascaria Nativa in the city of Cuiabá, to try a traditional gaucho grill. That left us surprised with the good quality of the meats, and the variety and abundance of the meals.

An hour later, we arrived at the city of Pocone and the famous Transpantaneira road, where we began to see species of our interest such as **Guira Cuckoo**, **Jabiru**, **Savanna Hawk**, **White-headed Marsh-Tyrant**, **Red-crested** and **Yellow-billed cardinals**. Shortly after passing the city,

Toco Toucan

we arrived at our next accommodation, Aymara Lodge. That night we did a night safari where saw **Boat-billed Heron**, **Striped Owl**, and **Black-crowned Night-Heron** among many others.

#### Day 4: September 14 – Aymara Lodge

At 5:30 am, we headed out for our first safari. During the safari, we saw **Undulated Tinamou**, **White-throated Piping-Guan**, **Bare-faced Curassow**, **Chestnut-vented Conebill**, **Rusty-backed Spinetail**, and **Rufous Cacholote** just to mention a few. We finished the first safari just in time to have our breakfast. After the meal, we took some pictures of the birds seen in the garden, such as **Hyacinth Macaw**, **Turquoise-fronted Parrot**, and **Buff-throated Woodcreeper**. Then we walked the trail that surrounds the lodge. Several interesting species came to meet us such as **Pale-crested Woodpecker**, **Little Woodpecker**, **Planalto Slaty-Antshrike**, and **Variable Oriole** among many others.

In the afternoon, we did another safari. **Orange-backed Troupial**, **Great Antshrike**, and **Helmeted Manakin** were some of the birds that stood out. But our safari was not limited to birds; we were also able to see a couple of **Crab-eating Foxes** and a group of **Collared Peccaries**.

#### Day 5 - September 15 - Transpantaneira to Porto Jofre

We took advantage of the first half of the morning in the gardens of the lodge. Several interesting species appeared such as **Green-and-rufous Kingfisher**, **Crimson-crested Woodpecker**, and **Ferruginous Pygmy-Owl**. After our breakfast, we started our journey to Porto Jofre.

We drove along the road to the hacienda for the last time. We were able to include several new species on our list such as **Picazuru Pigeon**, **Chestnut-bellied Guan**, and **Rusty-backed Spinetail**.

Along the Transpantaneira, we made a few stops as the species appeared on this biodiverse road. A group of **Nanday Parakeets** were the first to make us stop, with them we could also see **White-rumped Monjita**, **Orange-backed Troupial**, and **Monk Parakeet**. The second stop was to see a couple of **Whistling Herons**; despite being common in these places it is a species to contemplate and enjoy. The third stop was not because of a bird, but a group of people were observing a huge **Anaconda**! Of course we also had to stop to see this tremendous animal.

Around eleven in the morning we arrived at the Pantanal Mato Grosso Hotel where we stopped for lunch. Just upon our arrival, a **Ferruginous Pygmy-Owl** was singing and we were able to observe it well. Since we still had time, we decided to continue exploring the area. **Scaled Dove**, **Grayish Baywing**, **Unicolored Blackbird** and **Green-backed Becard** were some of the additions we had.

After lunch, we continue on our way to Porto Jofre. We made several stops along the way. Among the birds that stood out at our stops were **Scarlet-headed Blackbird**, **White-throated Piping-Guan**, **Maguari Stork**, **Cinereous-breasted Spinetail**, **Rusty-collared Seedeater**, **Subtropical Doradito**, and **White-banded Mockingbird**. After a long day to get to Porto Jofre, we rested the rest of the day and regained strength for the next few days.

## Day 6: September 16 – Porto Jofre and Rio Cuiaba

We left very early for our boat tours on the Cuiabá River and some of its tributaries. The main goal of this outing was to find the famous jaguars of the Pantanal. We left upstream, where all the other boats were heading. We made a couple of stops along the way to take pictures of some birds. Tatú, our captain, receive a message on his radio, and he immediately accelerated the pace. Then he received another call to the radio and we went back to take a tributary called '*Corixo Negro*'. We went up through this tributary until we got to where two other boats were. A big animal was on top of the tree, it didn't surprise us, but without a doubt a lot of happiness to see our first **Jaguar**. We took several photographs of the majestic animal, but the sun was not with us. We looked for another angle without being rude to the two other boats that had arrived first. But when we got ahead a little, we realized that there was a second jaguar, and then a third, and then a fourth! An adult with three well-grown cubs. We could easily see all the incredible interactions between these individuals for almost two hours.

Satisfied with the photos and the time we had with the jaguars, we continued our exploration of the Cuiabá River and its tributaries. On one of the beaches of the river, we found **Pied Lapwing**, **Black Skimmer**, **Large-billed Tern** and **Yellow-billed Tern**. In addition to these birds, on another beach we saw our fifth **jaguar**! We returned to the hotel before lunch, so we took advantage of that time we had left to explore the hotel grounds. Few were the new birds for our trip, among them we were able to photograph the **Buff-necked Ibis** and we listened to **Gray-breasted Crake**.

In the afternoon, after a well-deserved nap, we headed down the river again, this time to the tributary '*Negrinho*' River. Along the way, we had undoubtedly the best experience with jaguars. A pair was on a beach resting on the sand. The best thing was that we had this moment to ourselves, no other boats were observing the beautiful couple. After our moment, we head to the tributary. There, we were finally able to photograph the **Helmeted Manakin**. But what stood out the most

from our visit to this tributary was a family of **Giant Otters**. We got to their lair, but they didn't come out. Just when we were about to go back we started to hear them and saw them come out of the burrow. For several minutes, which seemed like hours, we accompanied the herd in their activities. Not bad at all! In one afternoon we had success with two of the South America Big Five!!!

**Jabiru - the iconic bird of the Pantanal**

### **Day 7: September 17 – Porto Jofre and Rio Cuiabá**

Again, we had an early breakfast to go out for another boat trip on the Cuiabá River. Without so much pressure to find the jaguars this time, we went out to explore the river again. We tried our luck with a visit to a Toco Toucan nest, but there was no one to be found. We continue on our way until we saw two white birds in some dry trees. The **White Woodpecker** was another of the species we were missing, so we took the opportunity to take some pictures of them.

Satisfied with the photos, we went back to *Corixo Negro*, where three of the jaguars were still in the same place where we had seen them the day before. With a slightly different scenario, we took new photographs of these animals. We were with the jaguars for a little more than an hour. Then we continued our exploration along the river. We only had one new addition to our list and we were able to photograph it, three **Red-throated Piping-Guans** were with other **White-throated Piping-Guans**.

In the afternoon, we took another boat ride, again down the river to the Negrinho River. In this small tributary, we came across **Fawn-breasted Wren**, **Mato Grosso Antbird**, **Sunbittern**, and **Black-backed Water-Tyrant** among many others. On the way back, we could see the sunset over

the Cuiaba River. In the evening, after dinner, we went through the hotel grounds in search of owls; we found **Barn Owl** and **Ferruginous Pygmy-Owl**.

### Day 8: September 18 – Porto Jofre and transfer to Piuval Lodge

A long trip awaited us today, so we follow our breakfast routine at 5:00 am and then did our check-out and started our day toward our last accommodation of the tour. Right at the exit of the hotel, we took advantage of the patch of forest on both sides of the road. Several birds were singing, but the one that caught our attention was **Large-billed Antwren**, because we were missing this one. Female and male appeared after the playback and we were able to take some photos. Then we heard **Dull-capped Attila**, who showed up for a few moments, but no photos this time. The excitement of the **Purplish Jay** caught Lawrence's attention, and to his surprise, a **Great Horned Owl** was the one who had agitated the jays. Surely, good photos came out of that moment! Another bird that stood out that morning was **Blue-crowned Trogon**, a couple of males gave us good opportunities to photograph them. We were already preparing to retire and rest our arms from taking so many photographs, but the song of another bird persuaded our plans. This bird was singing inside the forest and apparently it wasn't going to come out, so we decided to go in search of it. We didn't take long to find it, and were delighted to great views of two males **Band-tailed Manakins**. It's good that we went for them!

We made a few stops on the Transpantaneira. One of them was at a body of water where **Nacunda Nighthawk** is usually seen. We saw one flying and then we realized that there were more than twelve individuals! Unfortunately, the birds were too far away to take pictures of them. Our next stop was at the Pantanal Mato Grosso Hotel, we arrived an hour before lunch so we took advantage and went to the path that borders the Pixaim River. There we had the best opportunities to take pictures of **Rufous-tailed Jacamar** and **Little Woodpecker**. We also had some additions for our tour: **Large Elaenia** and **Southern Scrub-Flycatcher**.

Again on the road, we stopped when we saw a **Greater Rhea**, and we were able to take photos of this unique family for an extended time. When we arrived at our lodge, we found even more rheas, even with chicks. After an hour of rest, we started our safari until 7 pm (a couple of hours during the day and an hour during at night). During the daytime safari we were able to see two **Red-legged Seriemas** and we had new additions to our tour such as **Yellowish Pipit** and **Orange-winged Parrot**. We also got good photos of an individual of **Hyacinth Macaw** peeking into his nest. At night, what stood out the most was the encounter with a **Black-banded Owl**.

### Day 9: September 19 – Pousada Piuval

There were only a few days left in Pantanal and we had not yet seen a **Giant Anteater**, so we decided to go on another safari. We hadn't even been on the road for a minute when the driver accelerated the pace because he had received information about an anteater at very close range. It was indeed very close, we drove less than a kilometer and there was a female Greater Anteater with her pup on her back! After having enjoyed that mother with her young, we continued looking for birds and decided to walk back to the lodge. **Aplomado Falcon**, **Planalto Slaty-Antshrike**, **Planalto Woodcreeper**, and a **Greater Rhea** male with his eleven chicks.

With the satisfaction of the mission accomplished, we took the rest of the morning to rest and take advantage of the lodge. In the afternoon, we made a last safari with some additions such as **American Golden Plover**, as well as birds already seen such as **Picui Ground Dove**, **Olivaceous Woodcreeper**, and **Dull-capped Attila**. This time we could see the attila carefully and take several photographs of it.

#### Day 10: September 20 – Departure Day

It was our last morning in the Pantanal, so we decided to walk around the Pousada Piuval. Our first addition to our list today was the **White-fronted Woodpecker**, a typical Chaco bird that fortunately extends to this arid area of the Pantanal. Several other species we were able to take pictures of them, but nothing new. Even so, we enjoyed a pair of **Hyacinth Macaws**, a pair of **Great Horned Owls** nesting with chicks; and other woodpeckers such as **White Woodpecker** and **Campo Flicker** stood out.

Around noon we left for the city of Cuiabá to enjoy our last churrasco before taking our trip back to Sao Paulo and our homes, concluding our tour of the north of the Pantanal.

Red-legged Seriema at Pousada Piuval

## Wildlife Observation List

## Birds

Nomenclature and taxonomy follows Clements, J. F., T. S. Schulenberg, M. J. Iliff, S. M. Billerman, T. A. Fredericks, B. L. Sullivan, and C. L. Wood. 2022.

eBird Trip Report: <https://ebird.org/tripreport/75260>

Common Name	Scientific Name	Notes
1 Greater Rhea	<i>Rhea americana</i>	Two seen at Transpantaneira Road; over 45 individuals between chicks and adults at Pousada Piuval
2 Little Tinamou	<i>Crypturellus soui</i>	1 heard at Vale do Jamacá road
3 Undulated Tinamou	<i>Crypturellus undulatus</i>	Heard several time at Chapada dos Guimarães, 1 seen briefly at Vale do Jamacá road; 4 birds seen at Aymara Lodge, 3 seen at Pousada Piuval
4 Small-billed Tinamou	<i>Crypturellus parvirostris</i>	One bird heard at Pousada do Parque
5 Tataupa Tinamou	<i>Crypturellus tatuada</i>	Two birds seen at Jamacá das Araras
6 Red-winged Tinamou	<i>Rhynchotus rufescens</i>	One heard at Casa da Quineira, one heard at Cidade das Pedras.
7 Southern Screamer	<i>Chauna torquata</i>	One seen at Transpantaneira Road, two at Corixo Negro, two at Hotel Porto Jose, three at Piuval Lodge
8 Black-bellied Whistling-Duck	<i>Dendrocygna autumnalis</i>	One seen at Porto Jofre Pantanal Norte hotel, over 20 individuals at Pousada Piuval
9 Muscovy Duck	<i>Cairina moschata</i>	One bird seen at the road to Aymara Lodge: one at Porto Jofre Pantanal Norte Hotel; over twelve birds seen at Pousada Piuval
10 Brazilian Teal	<i>Amazonetta brasiliensis</i>	Four birds seen at Pousada Piuval
11 Chaco Chachalaca	<i>Ortalis canicollis</i>	Fairly common at Pantanal
12 Rusty-margined Guan	<i>Penelope supercilialis</i>	One seen at Casa La Quineira
13 Chestnut-bellied Guan	<i>Penelope ochrogaster</i>	Two birds seen at Aymara Lodge; and four at Pousada Piuval
14 White-throated Piping-Guan	<i>Pipile grayi</i>	Several birds were sighted in different locations: Aymara Lodge, Transpantaneira Road and Porto Jofre.
15 Red-throated Piping-Guan	<i>Pipile cufubi</i>	Three birds seen at Cuiaba River (Porto Jofre)
16 Bare-faced Curassow	<i>Crax fasciolata</i>	Observed throughout the northern Pantanal: Aymara Lodge, Hotel Pantanal Mato Grosso, Porto Jofre, Pausada Pluvial

Common Name	Scientific Name	Notes
17 Pale-vented Pigeon	<i>Patagioenas cayennensis</i>	Observed throughout the northern Pantanal:
18 Picazuro Pigeon	<i>Patagioenas picazuro</i>	One seen at Casa da Quineira, 1 at Aymara Lodge, 1 at Transpantaneira Road, 4 at Pousada Piuval
19 Ruddy Ground-Dove	<i>Columbina talpacoti</i>	Fairly common
20 Scaled Dove	<i>Columbina squammata</i>	8 birds seen at Hotel Pantanal Mato Grosso, 5 at Hotel Porto Jofre, over 10 birds seen at Pousada Piuval
21 Picui Ground Dove	<i>Columbina picui</i>	7 at Transpantaneira road, 2 at Pousada Piuval
22 White-tipped Dove	<i>Leptotila verreauxi</i>	Fairly common
23 Guira Cuckoo	<i>Guira guira</i>	Fairly common
24 Greater Ani	<i>Crotophaga major</i>	One seen at Hotel Pantanal Mato Grosso
25 Smooth-billed Ani	<i>Crotophaga ani</i>	Five at Pousada do Parque (Chapada dos Guimarães), 15 at Transpantaneira Road, seven at Aymara Lodge, two at Hotel Pantanal Mato Grosso, six at Pousada Piuval
26 Striped Cuckoo	<i>Tapera naevia</i>	Six time heard at different location: Porto Jofre, Pousada Piuval and Transpantaneira Road
27 Pavonine Cuckoo	<i>Dromococcyx pavoninus</i>	One heard at Bridal Veil (Chapada dos Guimarães)
28 Squirrel Cuckoo	<i>Piaya cayana</i>	1 at Bridal Veil Falls, 1 at Aymara Lodge, 3 encounter at Porto Jofre and 1 at Pousada Piuval
29 Nacunda Nighthawk	<i>Chordeiles nacunda</i>	Several birds seen at Transpantaneira road
30 Band-tailed Nighthawk	<i>Nyctiprogne leucopyga</i>	3 heard at Porto Jofre
31 Common Pauraque	<i>Nyctidromus albicollis</i>	2 at Pousada Parque, 5 at Aymara Lodge; and 9 at Pousada Piuval
32 Rufous Nightjar	<i>Antrostomus rufus</i>	Heard at Pousada do Parque
33 Great Potoo	<i>Nyctibius grandis</i>	One seen at Aymara Lodge, one at Porto Jofre, one at Pousada Piuval
34 Common Potoo	<i>Nyctibius griseus</i>	One seen at Pousada do Parque
35 White-collared Swift	<i>Streptoprocne zonaris</i>	Eleven seen at Bridal Veil Falls
36 Cinnamon-throated Hermit	<i>Phaethornis nattereri</i>	One at Aymara Lodge
37 White-vented Violetear	<i>Colibri serrirostris</i>	One at Cidade das Pedras
38 Glittering-bellied Emerald	<i>Chlorostilbos lucidus</i>	Six individual seen at Pousada do Parque

Common Name	Scientific Name	Notes
39 Fork-tailed Woodnymph	<i>Thalurania furcata</i>	One at Casa da Quineira, two at Aymara Lodge, one at Porto Jofre
40 Glittering-throated Emerald	<i>Chionomesa fimbriata</i>	Two at Aymara Lodge, one at Pantanal Mato Grosso Hotel, one at Porto Jofre, one at Pousada Piuval
41 Gilded Hummingbird	<i>Hylocharis chrysura</i>	One seen at Porto Jofre Pantanal Norte Hotel
42 Gray-cowled Wood-Rail	<i>Aramides cajaneus</i>	Fairly common
43 Gray-breasted Crake	<i>Laterallus exillis</i>	Heard two birds at Porto Jofre Pantanal Norte Hotel
44 Limpkin	<i>Aramus guarauna</i>	Six seen at Transpantaneira Road, two at Aymara Lodge, nine at Pousada Piuval
45 Black-necked Stilt	<i>Himantopus mexicanus</i>	Two at Transpantaneira Road, eleven at Pousada Piuval
46 American Golden-Plover	<i>Pluvialis dominica</i>	Four birds seen at Pousada Piuval
47 Pied Lapwing	<i>Vanellus cayanus</i>	Eleven seen at Porto Jofre region
48 Southern Lapwing	<i>Vanellus chilensis</i>	Fairly common throughout the tour
49 Collared Plover	<i>Charadrius collaris</i>	Two seen at Transpantaneira Road
50 Wattled Jacana	<i>Jacana jacana</i>	Fairly common at Pantanal
51 Solitary Sandpiper	<i>Tringa solitaria</i>	Two at Transpantaneira Road, one at Aymara Lodge
52 Lesser Yellowlegs	<i>Tringa flavipes</i>	Two at Pousada Piuval
53 Yellow-billed Tern	<i>Sternula supercilialis</i>	Fifteen individuals seen at Porto Jofre (Cuiaba River)
54 Large-billed Tern	<i>Phaetusa simplex</i>	One at Transpantaneira Road, six at Cuiaba River; one at Rio Negrinho, three at Pousada Piuval
55 Black Skimmer	<i>Rynchops niger</i>	Nine at Cuiaba River, eight at Porto Jofre; one at Pousada Piuval
56 Sunbittern	<i>Eurypyga helias</i>	One heard at Transpantaneira Road, one at Aymara Lodge, two at Rio Negrinho, four at Pousada Piuval
57 Maguari Stork	<i>Ciconia maguari</i>	One at Transpantaneira Road
58 Jabiru	<i>Jabiru mycteria</i>	Fairly common at Pantanal
59 Wood Stork	<i>Mycteria americana</i>	Fairly common at Pantanal
60 Anhinga	<i>Anhinga anhinga</i>	One at Pantanal Mato Grosso Hotel, eleven at Corixo Negro, six at Rio Negrinho, three at Cuiaba River

Common Name	Scientific Name	Notes
61 Neotropic Cormorant	<i>Nannopterum brasilianum</i>	39 at Corixo Negro, eight at Rio Negrinho, one at Cuiaba River
62 Rufescent Tiger-Heron	<i>Tigrisoma lineatum</i>	Fairly common at Pantanal
63 Cooi Heron	<i>Ardea cooi</i>	Fairly common at Pantanal
64 Great Egret	<i>Ardea alba</i>	Fairly common at Pantanal
65 Snowy Egret	<i>Egretta thula</i>	Fifteen at Aymara Lodge, two at Transpantaneira Road, three at Cuiaba River, three at Rio Negrinho, 1 at Pousada Piuval
66 Little Blue Heron	<i>Egretta caerulea</i>	Three at Transpantaneira Road, two at Pantanal Mato Grosso Hotel, two at Pousada Piuval
67 Cattle Egret	<i>Bubulcus ibis</i>	Two at Aymara Lodge, one at Porto Jofre Pantanal Norte Hotel, over 85 at Pousada Piuval
68 Striated Heron	<i>Butorides striata</i>	Five at Transpantaneira Road, one at Aymara Lodge, one at Pantanal Mato Grosso Hotel, one at Porto Jofre Pantanal Norte Hotel, eleven at Rio Negrinho, two at Pousada Piuval
69 Whistling Heron	<i>Syrigma sibilatrix</i>	Two at Transpantaneira Road, six at Pousada Piuval
70 Capped Heron	<i>Pilherodius pileatus</i>	One at Transpantaneira Road, nine at Aymara Lodge, one at Rio Negrinho
71 Black-crowned Night-Heron	<i>Nycticorax nycticorax</i>	Two at Transpantaneira Road, seven at Aymara Lodge, three at Corixo Negro, four at Rio Negrinho, four at Pousada Piuval
72 Boat-billed Heron	<i>Cochlearius cochlearius</i>	Three at Aymara Lodge, four at Rio Negrinho, one at Corixo Negro
73 Green Ibis	<i>Mesembrinibis cayennensis</i>	One heard at Casa da Quineira, three at Aymara Lodge, four at Transpantaneira Road, four at Rio Negrinho, two at Pousada Piuval
74 Bare-faced Ibis	<i>Phimosus infuscatus</i>	One at Transpantaneira Road, one at Porto Jofre Pantanal Norte Hotel, four at Pousada Piuval
75 Plumbeous Ibis	<i>Theristicus caerulescens</i>	Six at Transpantaneira Road, five at Aymara Lodge, one at Porto Jofre Pantanal Norte Hotel, ten at Pousada Piuval
76 Buff-necked Ibis	<i>Theristicus caudatus</i>	Five at Porto Jofre, twelve at Pousada Piuval
77 Roseate Spoonbill	<i>Platalea ajaja</i>	Sixteen at Aymara Lodge, one at Porto Jofre, over seven at Pousada Piuval
78 Black Vulture	<i>Coragyps atratus</i>	Fairly common

Common Name	Scientific Name	Notes
79 Turkey Vulture	<i>Cathartes aura</i>	Two at Cidade das Pedras, one at San Pedrinho, four at Porto Jofre, three at Transpantaneira Road, five at Pousada Piuval
80 Lesser Yellow-headed Vulture	<i>Cathartes burrovianus</i>	One at Aymara Lodge, three at Transpantaneira road, two at Porto Jofre, one at Pousada Piuval
81 Osprey	<i>Pandion haliaetus</i>	Three at Porto Jofre
82 Swallow-tailed Kite	<i>Elanoides forficatus</i>	Three at Casa da Quineira, seven at Chapada dos Guimaraes
83 Black-collared Hawk	<i>Busarellus nigricollis</i>	One at Transpantaneira Road, six at Aymara Lodge, one at Pantanal Mato Grosso Hotel, eleven at Porto Jofre
84 Snail Kite	<i>Rostrhamus sociabilis</i>	One at Transpantaneira Road, two Aymara Lodge, one at Pantanal Mato Grosso Hotel, one at Pousada Piuval
85 Plumbeous Kite	<i>Ictinia plumbea</i>	Two at Aymara Lodge
86 Crane Hawk	<i>Geranospiza caerulescens</i>	Two at Rio Negrinho (Porto Jofre)
87 Savanna Hawk	<i>Buteogallus meridionalis</i>	Fairly common at Pantanal
88 Great Black Hawk	<i>Buteogallus urubitinga</i>	Five at Aymara Lodge, one at Transpantaneira road, five at Porto Jofre
89 Roadside Hawk	<i>Rupornis magnirostris</i>	One at Casa da Quineira, three at Aymara Lodge, three at Transpantaneira road, seven at Porto Jofre, one at Pantanal Mato Grosso Hotel, two at Pousada Piuval
90 White-tailed Hawk		One at San Pedrinho (Porto Jofre)
91 Short-tailed Hawk	<i>Buteo brachyurus</i>	One at Porto Jofre
92 Barn Owl	<i>Tyto alba</i>	One at Porto Jofre Pantanal Norte Hotel
93 Tropical Screech-Owl	<i>Megascops choliba</i>	Two heard at Pousada do Parque
94 Great Horned Owl	<i>Bubo virginianus</i>	One at Porto Jofre, three nesting at Pousada Piuval
95 Ferruginous Pygmy-Owl	<i>Glaucidium brasilianum</i>	One at Aymara Lodge, one at Pantanal Mato Grosso Hotel, two at Porto Jofre, three at Pousada Piuval
96 Burrowing Owl	<i>Athene cunicularia</i>	Two at Chapada dos Guimarães, two at Porto Jofre
97 Black-banded Owl	<i>Strix huhula</i>	One seen at Pousada Piuval
98 Striped Owl	<i>Asio clamator</i>	One seen at Aymara Lodge
99 Blue-crowned Trogon	<i>Trogon curucui</i>	One seen at Vêu da Nova, four at Porto Jofre

Common Name	Scientific Name	Notes
100 Amazonian Motmot	<i>Momotus momota</i>	Two at Casa da Quineira, four at Vale do Jamacá, one at Pousada do Parque, one at Rio Negrinho, one at Porto Jofre
101 Ringed Kingfisher	<i>Megaceryle torquata</i>	Fairly common at Pantanal
102 Amazon Kingfisher	<i>Chloroceryle amazona</i>	Three at Transpantaneira Road, one at Aymara Lodge, eight at Porto Jofre, two at Pousada Piuval
103 American Pygmy Kingfisher	<i>Chloroceryle aenea</i>	Two at Aymara Lodge
104 Green Kingfisher	<i>Chloroceryle americana</i>	One at Aymara Lodge, two at Pantanal Mato Grosso Hotel, two at Rio Negrinho
105 Green-and-rufous Kingfisher	<i>Chloroceryle inda</i>	One at Aymara Lodge
106 White-eared Puffbird	<i>Nystalus chacuru</i>	Four at Chapada dos Guimarães
107 Spot-backed Puffbird	<i>Nystalus maculatus</i>	Five at Chapada dos Guimarães
108 Black-fronted Sunbird	<i>Monasa nigrifrons</i>	One at Casa da Quineira, seven at Aymara Lodge, six at Pousada Piuval
109 Rufous-tailed Jacamar	<i>Galbula ruficauda</i>	Two at Aymara Lodge, three at Porto Jofre, two at Pantanal Mato Grosso Hotel, one at Pousada Piuval
110 Chestnut-eared Aracari	<i>Pteroglossus castanotis</i>	Two at Chapada dos Guimarães, two at Porto Jofre, one at Pousada Piuval
111 Toco Toucan	<i>Ramphastos toco</i>	Two at Aymara Lodge, one at Transpantaneira road, two at Porto Jofre, two at Pousada Piuval
112 Channel-billed Toucan	<i>Ramphastos vitellinus</i>	Two at Vale do Jamaca
113 White-wedged Piculet	<i>Picumnus albosquamatus</i>	Three at Aymara Lodge, one at Rio Negrinho
114 White Woodpecker	<i>Melanerpes candidus</i>	Three at Porto Jofre, two at Pousada Piuval
115 Yellow-tufted Woodpecker	<i>Melanerpes cruentatus</i>	One at Morro dos Ventos, three at Vale do Jamaca
116 White-fronted Woodpecker	<i>Melanerpes cactorum</i>	One at Pousada Piuval
117 Little Woodpecker	<i>Dryobates passerinus</i>	One at Aymara Lodge, one at Pantanal Mato Grosso Hotel
118 Crimson-crested Woodpecker	<i>Campephilus melanoleucos</i>	Two at Aymara Lodge, one at Porto Jofre
119 Lineated Woodpecker	<i>Dryocopus lineatus</i>	One at Morro dos Ventos, four at Aymara Lodge
120 Pale-crested Woodpecker	<i>Celeus lugubris</i>	Three at Aymara Lodge, one at Pousada Piuval
121 Golden-green Woodpecker	<i>Piculus chrysochloros</i>	Two at Aymara Lodge, one at Pantanal Mato Grosso Hotel

	Common Name	Scientific Name	Notes
122	Green-barred Woodpecker	<i>Colaptes melanochloros</i>	One at Chapada dos Guimarães
123	Campo Flicker	<i>Colaptes campestris</i>	Ten at Pousada Piuval
124	Red-legged Seriema	<i>Cariama cristata</i>	Two at Chapada dos Guimarães, two at Pousada Piuval
125	Collared Forest-Falcon	<i>Micrastur semitorquatus</i>	One seen at Porto Jofre
126	Crested Caracara	<i>Caracara cheriway</i>	One seen at Chapada dos Guimarães, fairly common at Pantanal
127	Yellow-headed Caracara	<i>Milvago chimachima</i>	One at Transpantaneira road
128	Aplomado Falcon	<i>Falco femoralis</i>	Two at Pousada Piuval
129	Bat Falcon	<i>Falco rufigularis</i>	One seen Chapada dos Guimarães, one at Pousada Piuval
130	Monk Parakeet	<i>Myiopsitta monachus</i>	Twelve birds seen at Transpantaneira road, ten at Pantanal Mato Grosso Hotel, five at Porto Jofre, 18 at Piuval Pousada
131	Yellow-chevroned Parakeet	<i>Brotogeris chiriri</i>	Fairly common throughout the tour
132	Scaly-headed Parrot	<i>Pionus maximiliani</i>	One at Aymara Lodge
133	Blue-headed Parrot	<i>Pionus menstruus</i>	Two at Casa da Quineira
134	Turquoise-fronted Parrot	<i>Amazona aestiva</i>	Fairly common at Pantanal
135	Orange-winged Parrot	<i>Amazona amazonica</i>	Two at Aymara Lodge, six at Pousada Piuval
136	Hyacinth Macaw	<i>Anodorhynchus hyacinthinus</i>	Fairly common at Pantanal
137	Peach-fronted Parakeet	<i>Eupsittula aurea</i>	Eight at Chapada dos Guimarães, ten at Pousada Piuval
138	Nanday Parakeet	<i>Aratinga nenday</i>	Four at Transpantaneira road
139	Yellow-collared Macaw	<i>Primolius auricollis</i>	Three at Aymara Lodge
140	Red-and-green Macaw	<i>Ara chloropterus</i>	Ten at Chapada dos Guimarães
141	Blue-crowned Parakeet	<i>Thectocercus acuticaudatus</i>	Six at Aymara Lodge
142	Red-shouldered Macaw	<i>Diopsittaca nobilis</i>	Eleven at Chapada dos Guimarães
143	White-eyed Parakeet	<i>Psittacara leucophthalmus</i>	Ten at Chapada dos Guimarães, three at Aymara Lodge, 23 at Pousada Piuval
144	Great Antshrike	<i>Thamnophilus doliatus</i>	One heard at Casa da Quineira, one male and one female seen at Aymara Lodge, one at Rio Negrinho, one male at Pousada Piuval
145	Barred Antshrike	<i>Thamnophilus doliatus</i>	One at Chapada dos Guimarães, three at Aymara Lodge

Common Name	Scientific Name	Notes
146 Planalto Slaty-Antshrike	<i>Thamnophilus pelzelni</i>	Three at Aymara Lodge, one at Pousada Piuval
147 Plain Antvireo	<i>Dysithamnus mentalis</i>	Two at Porto Jofre
148 Large-billed Antwren	<i>Herpsilochmus longirostris</i>	Three at Porto Jofre
149 Rusty-backed Antwren	<i>Formicivora rufa</i>	Two at Chapada dos Guimarães
150 Mato Grosso Antbird	<i>Cercomacra melanaria</i>	Three at Aymara Lodge, two Rio Negrinho, one at Pantanal Mato Grosso Hotel
151 Olivaceous Woodcreeper	<i>Sittasomus griseicapillus</i>	One at Aymara Lodge, one at Pousada Piuval
152 Planalto Woodcreeper	<i>Dendrocolaptes platyrostris</i>	One at Pousada Piuval
153 Great Rufous Woodcreeper	<i>Xiphocolaptes major</i>	Three at Aymara Lodge, two at Pousada Piuval
154 Buff-throated Woodcreeper	<i>Xiphorhynchus guttatus</i>	Three at Aymara Lodge
155 Straight-billed Woodcreeper	<i>Dendroplex picus</i>	One at Vale do Jamaca, two at Aymara Lodge
156 Red-billed Scythebill	<i>Campylorhamphus trochilrostris</i>	Four at Aymara Lodge, three at Porto Jofre, one at Pousada Piuval
157 Narrow-billed Woodcreeper	<i>Lepidocolaptes angustirostris</i>	One at Chapada dos Guimarães, two at Pousada Piuval
158 Streaked Xenops	<i>Xenops rutilans</i>	One at Porto Jofre
159 Pale-legged Hornero	<i>Furnarius leucopus</i>	Eight at Aymara Lodge, two at Porto Jofre
160 Rufous Hornero	<i>Furnarius rufus</i>	Fairly common throughout the tour
161 Greater Thornbird	<i>Phacellodomus ruber</i>	Two at Transpantaneira road, one at Porto Jofre
162 Rusty-backed Spinetail	<i>Cranioleuca vulpina</i>	Six at Aymara Lodge, three at Porto Jofre
163 Rufous Cacholote	<i>Pseudoseisura unirufa</i>	One at Transpantaneira road, three at Aymara Lodge, two at Pantanal Mato Grosso Hotel, five at Pousada Piuval
164 Yellow-chinned Spinetail	<i>Certhiaxis cinnamomeus</i>	Five at Transpantaneira road, two at Aymara Lodge, two at Pantanal Mato Grosso Hotel, two at Porto Jofre
165 Chotoy Spinetail	<i>Schoeniophylax phryganophilus</i>	One at Pantanal Mato Grosso Hotel, one at Transpantaneira road
166 White-lored Spinetail	<i>Synallaxis albilora</i>	Two at Aymara Lodge, one at Porto Jofre
167 Cinereous-breasted Spinetail	<i>Synallaxis hypospodia</i>	One at Transpantaneira road, one at Corixo Negro (Porto Jofre)
168 Helmeted Manakin	<i>Antilophia galeata</i>	Two at Casa da Quineira, one at Chapada dos Guimarães, two at Aymara Lodge, four at Porto Jofre

Common Name	Scientific Name	Notes
169 Band-tailed Manakin	<i>Pipra fasciicauda</i>	Heard at Vale do Jamaica, two seen at Porto Jofre
170 Masked Tityra	<i>Tityra semifasciata</i>	Two at Chapada dos Guimarães
171 Green-backed Becard	<i>Pachyramphus viridis</i>	One at Pantanal Mato Grosso Hotel
172 White-winged Becard	<i>Pachyramphus polychopterus</i>	Two at Aymara Lodge, four at Porto Jofre
173 Pearly-vented Tody-Tyrant	<i>Hemitriccus margaritaceiventer</i>	One heard at Porto Jofre, one seen at Pousada Piuval
174 Rusty-fronted Tody-Flycatcher	<i>Poecilatriccus latirostris</i>	Two at Pousada Piuval
175 Common Tody-Flycatcher	<i>Todirostrum cinereum</i>	Two at Aymara Lodge, one at Transpantaneira road
176 Yellow-olive Flycatcher	<i>Tolmomyias sulphurescens</i>	One at Porto Jofre, one at Pantanal Mato Grosso Hotel
177 Cliff Flycatcher	<i>Hirundinea ferruginea</i>	Two at Chapada dos Guimarães
178 Southern Beardless-Tyrannulet	<i>Camptostoma obsoleto</i>	Two at Aymara Lodge
179 Subtropical Doradito	<i>Pseudocolopteryx acutipennis</i>	Two at Transpantaneira road
180 Yellow-bellied Elaenia	<i>Elaenia flavogaster</i>	Four at Chapada dos Guimarães, one at Aymara Lodge
181 Large Elaenia	<i>Elaenia spectabilis</i>	One at Pantanal Mato Grosso Hotel
182 Lesser Elaenia	<i>Elaenia chiriquensis</i>	One at Chapada dos Guimarães
183 Plain Tyrannulet	<i>Inezia inornata</i>	Two at Aymara Lodge, one at Porto Jofre, one at Pousada Piuval
184 Fuscous Flycatcher	<i>Cnemotriccus fuscatus</i>	Two at Aymara Lodge, one at Pantanal Mato Grosso Hotel
185 Southern Scrub-Flycatcher	<i>Sublegatus modestus</i>	One at Pantanal Mato Grosso Hotel
186 Vermilion Flycatcher	<i>Pyrocephalus rubinus</i>	One at Aymara Lodge, two at Porto Jofre, five at Pousada Piuval
187 Crested Black-Tyrant	<i>Knipolegus lophotes</i>	Two at Chapada dos Guimarães, one at Aymara Lodge
188 White-rumped Monjita	<i>Xolmis velatus</i>	Two at Transpantaneira road, one at Pousada Piuval
189 White-headed Marsh Tyrant	<i>Arundinicola leucocephala</i>	One at Transpantaneira road, one at Aymara Lodge
190 Black-backed Water-Tyrant	<i>Fluvicola albiventer</i>	Four at Transpantaneira road, five at Aymara Lodge, two at Pantanal Mato Grosso Hotel, five at Porto Jofre
191 Dull-capped Attila	<i>Attila bolivianus</i>	One at Porto Jofre, one at Pousada Piuval
192 Sibilant Sirystes	<i>Sirystes sibilator</i>	One at Aymara Lodge
193 Rufous Casiornis	<i>Casiornis rufus</i>	One at Aymara Lodge, one at Pousada Piuval
194 Short-crested Flycatcher	<i>Myiarchus ferox</i>	One at Chapada dos Guimarães

Common Name	Scientific Name	Notes
195 Brown-crested Flycatcher	<i>Myiarchus tyrannulus</i>	Three at Aymara Lodge, three at Porto Jofre, five at Pousada Piuval
196 Cattle Tyrant	<i>Machetornis rixosa</i>	Two at Transpantaneira road, two at Pantanal Mato Grosso Hotel, two at Porto Jofre, three at Pousada Piuval
197 Lesser Kiskadee	<i>Philohydor lictor</i>	Two at Aymara Lodge, seven at Porto Jofre
198 Great Kiskadee	<i>Pitangus sulphuratus</i>	Fairly common
199 Boat-billed Flycatcher	<i>Megarynchus pitangua</i>	One at Chapada dos Guimarães, five at Porto Jofre, one at Pousada Piuval
200 Rusty-margined Flycatcher	<i>Myiozetetes cayanensis</i>	Ten at Aymara Lodge, ten at Porto Jofre, six at Pousada Piuval
201 Streaked Flycatcher	<i>Myiodynastes maculatus</i>	Two at Pantanal Mato Grosso Hotel, two at Pousada Piuval
202 Piratic Flycatcher	<i>Legatus leucophaeus</i>	One at Casa da Quineira, two at Aymara Lodge, one at Porto Jofre, two at Pousada Piuval
203 White-throated Kingbird	<i>Tyrannus albogularis</i>	One at Pousada Piuval
204 Tropical Kingbird	<i>Tyrannus melancholicus</i>	One at Chapada dos Guimarães, two at Aymara Lodge, three at Transpantaneira road, six at Porto Jofre
205 Fork-tailed Flycatcher	<i>Tyrannus savana</i>	One at Porto Jofre, two at Pousada Piuval
206 Rufous-browed Peppershrike	<i>Cyclarhis gujanensis</i>	One at Casa da Quineira, five at Chapada dos Guimarães, two at Aymara Lodge, one at Pantanal Mato Grosso Hotel
207 Ashy-headed Greenlet	<i>Hylophilus pectoralis</i>	Two at Aymara Lodge, one at Porto Jofre
208 Purplish Jay	<i>Cyanocorax cyanomelas</i>	One heard at Casa da Quineira, over ten individuals at Aymara Lodge, six at Pantanal Mato Grosso Hotel, five at Porto Jofre, four at Pousada Piuval
209 Black-capped Donacobius	<i>Donacobius atricapilla</i>	Eight at Porto Jofre,
210 Blue-and-white Swallow	<i>Pygochelidon cyanoleuca</i>	Two at Chapada dos Guimarães
211 Southern Rough-winged Swallow	<i>Stelgidopteryx ruficollis</i>	One at Transpantaneira road, over 25 individuals seen at Porto Jofre
212 Gray-breasted Martin	<i>Progne chalybea</i>	One at Casa da Quineira, four at Transpantaneira road, fifteen at Pantanal Mato Grosso Hotel
213 Brown-chested Martin	<i>Progne tapera</i>	One at Transpantaneira road, one at Porto Jofre, two at Pousada Piuval

Common Name	Scientific Name	Notes
214 White-winged Swallow	<i>Tachycineta albiventer</i>	Two at Pantanal Mato Grosso Hotel, two at Transpantaneira road, six at Porto Jofre, four at Pousada Piuval
215 Masked Gnatcatcher	<i>Poliophtila dumicola</i>	Five at Aymara Lodge, two at Transpantaneira road, five at Porto Jofre, one at Pousada Piuval
216 House Wren	<i>Troglodytes aedon</i>	One at Casa da Quineira
217 Thrush-like Wren	<i>Campylorhynchus turdinus</i>	Eight at Casa da Quineira, two at Chapada dos Guimarães, six at Aymara Lodge, seven at Porto Jofre, 18 at Pousada Piuval
218 Moustached Wren	<i>Pheugopedius genibarbis</i>	One at Aymara Lodge
219 Buff-breasted Wren	<i>Cantorchilus leucotis</i>	One at Aymara Lodge, one at Porto Jofre
220 Fawn-breasted Wren	<i>Cantorchilus guarayanus</i>	Two at Porto Jofre
221 Chalk-browed Mockingbird	<i>Mimus saturninus</i>	Ten at Chapada dos Guimarães, two at Transpantaneira road
222 White-banded Mockingbird	<i>Mimus triurus</i>	One seen at Transpantaneira Road
223 Pale-breasted Thrush	<i>Turdus leucomelas</i>	Sixteen at Casa da Quineira, ten at Chapada dos Guimarães
224 Rufous-bellied Thrush	<i>Turdus rufiventris</i>	Two at Casa da Quineira, four at Chapada dos Guimarães, three at Aymara Lodge, nine at Pousada Piuval
225 House Sparrow	<i>Passer domesticus</i>	Two at Casa da Quineira, four at Pantanal Mato Grosso Hotel
226 Yellowish Pipit	<i>Anthus lutescens</i>	Seven at Pousada Piuval
227 Purple-throated Euphonia	<i>Euphonia chlorotica</i>	Two at Casa da Quineira, three at Chapada dos Guimarães, one at Aymara Lodge
228 Saffron-billed Sparrow	<i>Arremon flavirostris</i>	Two at Casa da Quineira
229 Crested Oropendola	<i>Psarocolius decumanus</i>	Two at Aymara Lodge, one at Porto Jofre, eight at Pousada Piuval
230 Solitary Black Cacique	<i>Cacicus solitarius</i>	Six at Aymara Lodge, one at Transpantaneira road, three at Porto Jofre
231 Yellow-rumped Cacique	<i>Cacicus cela</i>	Three at Aymara Lodge, four at Pantanal Mato Grosso Hotel, 30 at Porto Jofre
232 Variable Oriole	<i>Icterus pyrrhopterus</i>	Four at Aymara Lodge, twelve at Porto Jofre, two at Pantanal Mato Grosso, two at Pousada Piuval
233 Orange-backed Troupial	<i>Icterus croconotus</i>	Five at Aymara Lodge, two at Transpantaneira Lodge, five at Porto Jofre, one at Pantanal Mato Grosso Hotel, three at Pousada Piuval

	Common Name	Scientific Name	Notes
234	Screaming Cowbird	<i>Molothrus rufoaxillaris</i>	Three at Pousada Piuval
235	Shiny Cowbird	<i>Molothrus bonariensis</i>	Five at Pantanal Mato Grosso, one at Pousada Piuval
236	Giant Cowbird	<i>Molothrus oryzivorus</i>	One at Pantanal Mato Grosso Hotel, two at Porto Jofre, five at Pousada Piuval
237	Scarlet-headed Blackbird	<i>Amblyramphus holosericeus</i>	Two at Transpantaneira road
238	Chopi Blackbird	<i>Gnorimopsar chopi</i>	Fourteen at Chapada dos Guimarães, ten at Pantanal Mato Grosso Hotel, sixty at Pousada Piuval
239	Grayish Baywing	<i>Agelaioides badius</i>	Forty at Pantanal Mato Grosso Hotel, nine at Porto Jofre, 22 at Pousada Piuval
240	Unicolored Blackbird	<i>Agelasticus cyanopus</i>	Nine at Transpantaneira road, two at Pantanal Mato Grosso Hotel, four at Porto Jofre
241	Tropical Parula	<i>Setophaga pitaiyumi</i>	One at Aymara Lodge, one at Pousada Piuval
242	Golden-crowned Warbler	<i>Basileuterus culicivorus</i>	One at Casa da Quineira, three at Porto Jofre
243	Flavescent Warbler	<i>Myiothlypis flaveola</i>	Two at Chapada dos Guimarães, one at Aymara Lodge, one at Pantanal Mato Grosso Hotel
244	Red-crested Cardinal	<i>Paroaria coronata</i>	Four at Transpantaneira road, one at Pantanal Mato Grosso Hotel, one at Pousada Piuval
245	Yellow-billed Cardinal	<i>Paroaria capitata</i>	Fairly common at Pantanal
246	Black-faced Tanager	<i>Schistochlamys melanopsis</i>	Two at Chapada dos Guimarães
247	Hooded Tanager	<i>Nemosia pileata</i>	One at Aymara Lodge
248	Gray-headed Tanager	<i>Eucometis penicillata</i>	One at Vale do Jamacá, three at Aymara Lodge, two at Porto Jofre
249	White-lined Tanager	<i>Tachyphonus rufus</i>	Five at Chapada dos Guimarães
250	Silver-beaked Tanager	<i>Ramphocelus carbo</i>	Seven at Chapada dos Guimarães, eight at Aymara Lodge, seven at Transpantaneira road, fifteen at Porto Jofre
251	Sayaca Tanager	<i>Thraupis sayaca</i>	One at Casa da Quineira, three at Chapada dos Guimarães, five at Aymara Lodge, one at Pantanal Mato Grosso Hotel, seven at Porto Jofre, twelve at Pousada Piuval
252	Palm Tanager	<i>Thraupis palmarum</i>	Two at Casa da Quineira, two at Porto Jofre, one at Pousada Piuval
253	Burnished-buff Tanager	<i>Stilpnia cayana</i>	Four at Chapada dos Guimarães
254	Swallow Tanager	<i>Tersina viridis</i>	Two at Chapada dos Guimarães

	Common Name	Scientific Name	Notes
255	Blue Dacnis	<i>Dacnis cayana</i>	Five at Chapada dos Guimarães
256	Red-legged Honeycreeper	<i>Cyanerpes cyaneus</i>	Five at Chapada dos Guimarães
257	Guira Tanager	<i>Hemithraupis guira</i>	One at Chapada dos Guimarães
258	Chestnut-vented Conebill	<i>Conirostrum speciosum</i>	Two at Aymara Lodge
259	White-rumped Tanager	<i>Cypsnagra hirundinacea</i>	Two at Chapada dos Guimarães
260	Saffron Finch	<i>Sicalis flaveola</i>	Three at Chapada dos Guimarães, one at Aymara Lodge, five at Pantanal Mato Grosso Hotel, three at Porto Jofre, eleven at Pousada Piuval
261	Blue-black Grassquit	<i>Volatinia jacarina</i>	One at Chapada dos Guimarães
262	White-bellied Seedeater	<i>Sporophila leucoptera</i>	One at Porto Jofre
263	Chestnut-bellied Seedeater	<i>Sporophila castaneiventris</i>	Two at Porto Jofre, one at Pantanal Mato Grosso Hotel
264	Double-collared Seedeater	<i>Sporophila caerulescens</i>	One at Aymara Lodge
265	Rusty-collared Seedeater	<i>Sporophila collaris</i>	Three at Transpantaneira Road
266	Coal-crested Finch	<i>Charitospiza eucosma</i>	One at Chapada dos Guimarães
267	Red-crested Finch	<i>Coryphospingus cucullatus</i>	Four at Chapada dos Guimarães, one at Aymara Lodge
268	Bananaquit	<i>Coereba flaveola</i>	Two at Chapada dos Guimarães, two at Aymara Lodge, one at Pantanal Mato Grosso Hotel
269	Black-throated Saltator	<i>Saltatricula atricollis</i>	Three at Chapada dos Guimarães
270	Buff-throated Saltator	<i>Saltator maximus</i>	Two at Chapada dos Guimarães
271	Bluish-gray Saltator	<i>Saltator coerulescens</i>	Three at Transpantaneira road, six at Aymara Lodge, three at Porto Jofre

## Mammals

	Common Name	Scientific Name	Notes
1	Azara's Agouti	<i>Dasyprocta azarae</i>	Seen at Vale do Jamacá, one seen at the road to Pousada do Parque, some individuals seen at Aymara Lodge, one seen at Rio Negrinho (Porto Jofre)
2	Capybara	<i>Hydrochoerus hydrochaeris</i>	A big family seen at Transpantaneira road, seen at Rio Negrinho (Porto Jofre)
3	Crab-eating Fox	<i>Cerdocyon thous</i>	A pair seen at Aymara Lodge
4	Collared Peccary	<i>Perari tajacu</i>	Seen at Aymara Lodge
5	Azara's Capuchin	<i>Sapajus cay</i>	A troop seen at Aymara Lodge, another troop seen at Porto Jofre, one troop seen at Pousada Piuval
6	South American Coati	<i>Nasua nasua</i>	A band seen at Aymara Lodge
7	Jaguar	<i>Panthera onca</i>	Eight individuals seen at Porto Jofre
8	Black-and-gold Howler Monkey	<i>Alouatta saraya</i>	A troop seen at Rio Negrinho (Porto Jofre)
9	Giant Otter	<i>Pteronura brasiliensis</i>	A family seen at Rio Negrinho (Porto Jofre)
10	South American Tapir	<i>Tapirus terrestris</i>	One seen at the river at Porto Jofre
11	Common Tapeti	<i>Sylvilagus brasiliensis</i>	One seen at nocturnal safari at Pousada Piuval
12	Giant Anteater	<i>Myrmecophaga tridactyl</i>	One female with her pup in her back seen at Pousada Piuval
13	Common Brown Brocket	<i>Mazana gouazoubira</i>	One seen at Pousada Piuval
